

Triennial Wellness Policy Assessment Report

As required by law, each school Food Authority (SFA) must establish a plan for measuring implementation of the local wellness policy, including designation of one or more persons with operational responsibility for ensuring that the school is meeting the policy. Assessment should be ongoing. Requirements also include permitting community participation [7 CFR Pat 210.31 (d)] and having a team of collaborators responsible (including those from the community) for reviewing the wellness policy and evaluating results [7 CFR Part 210.31(d) (1)].

A sustained effort by each SFA is necessary to assure that new policies are faithfully implemented. Periodically assess how well the policy is being managed and enforced. Reinforce the policy goals with school staff if necessary. Be prepared to update or amend the policy as the process moves on. The school district or individual schools should celebrate policy success milestones.

The regulations require each SFA to compare their local wellness policies with the model local wellness policy [USDA Memo SP24-2017 and 7 CFR Part 210.31 (e) (2) (ii)]. **The model local wellness policy is available through OKDHS School Nutrition Programs.**

Note about the model local wellness policy: It is important to keep in mind the fact that the model local wellness policy is best practice, and exceeds current program requirements.

Evaluation and feedback are very important in maintaining a local wellness policy. You need to document any financial impact to the school foodservice program, school stores, or vending machine revenues.

It is also important to assess student, parent, teacher/staff member, and administration satisfaction with the new policies. A good evaluation plan does not need to be extensive, formal or put additional undue burdens on staff that is involved in the process.

Through the evaluation process, you will be able to answer some basic questions that are very important to policymakers, students, school staff, parents, and the general public:
