

SCHOOL SUPPLY LISTS FOR 2024-2025

Below are the links for the school supply lists for the 2024-2025 school year. We have partnered with Teacher Tailored again for school supply kits. Second through eighth grade families have the option of ordering a kit online or buying supplies at local stores. If you plan on buying kits, please read the lists carefully. Some items (including book covers, calculators, etc) are add-on options for kits as some families reuse those items from year to year. An email will be sent when the supply kit sale is activated.

The sale will end **May 30th.**
